Approach of the Holiday Harvest.

ORE AND BULLION RECEIPTS.

Z. C. M. Stock—The Improvement
East—Bank Receipts—General
Mining Intelligence.

Yesterday showed the first signs of the coming holiday activity, and the dealers in bullion and in particular and all other merchants in general commenced to reap the annual harvest. Local securities have been quiet during the week, the only transfers noted being a sale of Z. C. M. stock at \$305.

Bradstreet's has the following encouraging summary for the week, which indicates that the improvement over 1884 is not confined to this section alone:

Special telegrams to Bradstreet this week report a fairly satisfactory condition of general trade. The movement of merchandise is of moderate volume, notwithstanding the fact that retailers generally are not buying freely just previous to the period at which it is customary to take account of stocks. At various leading trade centers business is uneven, yet dealers appear to be confident of the future. This is conspicuous at Boston. At Chicago, jobbing has been unusually active within a week, notwithstanding the fact that the aggregate of November transactions was disappointing. At St. Louis there has been a moderate improvement in various lines. This is true at other points, notwithstanding the fact that mild and pleasant weather has proved a drag. At eastern centers dry goods have been in better demand, and the outlook is that the aggregate of sales for the current year will exceed that for 1884. Were it not for the very material check during November, the excess would be conspicuous.

Ore and Bullion.

The receipts of ore and bullion at the various banks in this city for the week ending Saturday, December 12th, amounted to \$149,218.95 against \$129,111.13 for the week previous. They were reported as follows:

By Wells, Fargo & Co.:
Silver bars.....\$30,501.00
Ores.....26,436.25
Total.....\$56,937.25

By McCornick & Co.:
11 cars Hanaue.....\$30,650.00
3 bars Spruceport ore.....4,000.00
3 bars Stormont.....4,300.00
Queen of the Hills ore.....2,300.00
Crescent ore.....7,500.00
Nevada ores.....2,220.00
Total.....\$79,970.00

By T. R. Jones & Co.:
5 cars Germania.....\$13,367.14
By the Union National:
25 bars Alice.....\$27,612.61
4 1/2 tons Milkmaid ore.....24,195.00
Total.....\$75,854.56

Total shipments for week, \$149,218.95

Honorine.

We glean from an eastern paper that the Honorine of Stockton has paid thus far in dividends \$32,500. The stock was assessed in July, 1883, for \$25,000. The total number of shares is 500,000, per value of \$2 per share.

Horn Silver.

Up to the time this Company ceased paying dividends in November, 1884, it had disbursed to its stockholders \$1,000,000.

Lead.

The following from a reliable eastern journal will prove cheering news to our miners:

The lead market is "booming," and prices for spot lead have advanced even beyond the price of importation. We may quote \$4.50 @ \$4.60c. for January and \$4.50 @ \$4.60c. for spot, though we have heard of \$5c. being named. The fact is, there is no spot domestic lead to be had in this or any of our other markets, and there is practically no foreign lead on hand. And our market here is now likely to be controlled by the price of foreign, for it is evident that we are consuming at least as fast as we are making. Even the Richmond stock has ceased to act as a load on the market; for it can be sent here but very slowly, owing to the necessity for taking only low freights, and owing to the contract by the Richmond to deliver 200 tons a month to a San Francisco firm.

Alice.

The late \$25,000 dividend has stiffened the back of the stock, and the Journal says it is firm at \$1.90. The total of dividends paid to date is \$675,000.

Newton.

The last sale recorded was at \$1.15.

Stormont.

During the week the stock in New York rose to 19 cents and receded to 17 cents. What it is that is pushing the price upward is not evident, as there is no increase in the reported output.

The Old Queen.

The New York Engineering and Mining Journal says there will be a special meeting of the Queen of the Hills Mining Company at Salt Lake City, Utah, on December 18th, for the purpose of authorizing the sale of a portion of the company's properties in Tooele County, Utah.

The Emma.

The Emma, in Little Cottonwood, which has been working a lease of

Crescent.

This stock seems to be dead. Three hundred shares were offered without takers yesterday at 90 cents.

Beck and Eureka.

The evidence is all in, and Messrs. Sutherland and Emerson have opened for the Beck side. Arthur Brown commences to-morrow and the celebrated case will be concluded this week.

The Oconto Wreck.

DETROIT, December 12.—The steamer Oconto, which was wrecked in Charity Island, left Oscoda December 4th, with twenty-three passengers and a crew numbering twenty-five men. Shortly after she encountered a terrible gale and a blinding snowstorm. The sea was so heavy that the boat would not answer helm. The starboard bulwarks were stove in, all the upper railings, two life boats and all light freight on the hurricane deck were washed away. The vessel labored heavily in a trough of the sea till nearly midnight, when the boat struck. One of the crew, who arrived here yesterday, says: "As soon as the boat struck the crew began dealing out life preservers, but we soon discovered there was no leak. When day broke we set the colors at half-mast, and began blowing the whistle. About 10 o'clock we signaled the lighthouse keeper on shore, got out small metallic lifeboat over the side, and in it five of us went ashore. There we found two fish huts, two parties, after a desperate struggle through the ice, reached East Iowa, but nothing was heard of a party of seven who started for the mainland on Tuesday."

"Rough on Piles."

Cures Piles or Hemorrhoids, Itching, Protruding, Bleeding, Internal or other, Internal and External Remedy in each package, Sure cure. 50c. Druggists.

Riel Burial.

WINNIPEG, Manitoba, December 12.—The burial of Riel took place this morning at St. Boniface. The funeral cortege left his mother's house on Red River, about five miles south of here, at 9 o'clock, accompanied by a large number of relatives and half-breed sympathizers. Arriving at St. Boniface cathedral, a requiem mass was celebrated by Father Dugas, assisted by the clergy. Archbishop Tache occupied the throne. After the mass the body remained in the cathedral. It is expected it will be buried this afternoon. A large number of English speaking people were present for curiosity. No sign of any interference or disturbance.

Life Preserver.

If you are losing your grip of life try "Wells' Health Renewer." Goes to rest to weak spots.

The Boomer's Story.

LAWRENCE, Kansas, December 12.—Captain Couch, the Oklahoma boomer, says the cattlemen removed only fat cattle from the reservations and rough cattle and cows still remain. He asserts that Senators are beseeching the department to allow cattlemen to remain on account of the trouble and loss attending removal at this time.

"Rough on Itch."

ON READING AND FILING THE PETITION of Elizabeth B.
